Charity Overview:

Since 1955, Wesley Urban Ministries has been responding to poverty in Hamilton, beginning with a senior's outreach program at Wesley United Church. Since then, our services have grown in response to community needs, informed by current research in best practices and preventative approaches. Today, Wesley offers daily support, every step of the way, to over 1,250 children, youth, adults and seniors living in poverty in Hamilton. As a multi-service organization, Wesley has a portfolio of over 30 different programs in 19 locations in the areas of:

- Children, Youth & Family Services
- Housing & Homelessness Services
- Neighbourhood & Newcomer Services.

The long-term impact of our programs includes improved education, successful employment and supportive independence. As an organization, we are innovative, creative, evidence-based and financially responsible. A low 3% of our expenses are related to fundraising and we are accredited with the Imagine Canada's Ethical Code for the highest level of financial responsibility.

"As financial advisors, you have an important role in helping your clients achieve their financial and philanthropic goals by creating charitable gifts to increase their tax and financial benefits. Please consider how a gift to Wesley Urban Ministries can support your client's goals, making a long-term difference to children, youth adults and seniors living in poverty and creating an investment in our overall community." Daljit Garry, Executive Director, Wesley Urban Ministries
