Each session requires an individual registration.)</p>			

NOTE: Please see the next page of this calendar for more information on program details.

Descriptions for Virtual Programming

Story Stretchers / Morning Stretches: Children will listen to a story and then do an activity that is relevant from the story! An Early Years Facilitator will assist families in exploring ways to take a story book and expand it using drama, props, music and art. Come stretch with us!

Rhyme Time: The parent/child rhyme time promotes bonding, attachment and early literacy using interactive rhymes, songs and storytelling.

Music and Movement: Join us as we celebrate music through songs, music and dance. Get your shakers ready!

Naptime Stories: Come snuggle up in your favourite pyjamas and stuffies as we share naptime songs and stories. Families are welcome to share their favourite naptime stories with other families.

STEAM Activity: Spark your curiosity with STEAM! By learning about Science, Technology, Engineering, Arts, and Math we get a better understanding of the world around us and how we fit into it. Come explore with us! **It's back! We will be using our FREE Play Together Kits for these sessions. Kits are available for curbside pickup every Friday and Monday prior to this session. Curbside pickup information will be provided upon registration.**

Show and Share: Let's get to know each other! Join us as we show and share our favourite toys, books and songs. We would love to share with you!

Emotional Literacy: A fun and interactive session where we examine our feelings through five domains of child development; Social, Emotional, Physical, Cognitive, and Language Literacy.

One on One Wellness Check: Parents/Caregivers have an opportunity to book a one-on-one PRIVATE session with our EarlyON facilitators. We will provide resources and support related to the child development & mental health related topics of your choice.

Math and Me: Ever wonder how to teach math to your youngsters? Join us for our Math and Me series, where we will learn all about pre-math skills and how to get your kids on the right track.
